*****IMPORTANT CHANGES MADE TO THE AUDITION*****

Again this year, students auditioning for the high school mixed chorus will be required to learn THREE pieces, as opposed to two as in years past. At the audition, one piece will be cut entirely, and a selection from each of the remaining two will make up the audition. The number of audition selections for students in the 6th-8th grade treble chorus and 7th-9th grade mixed chorus will remain the same as in years past.

Students will learn the audition pieces selected for their choir. At the auditions they will perform short sections or “cuts” of each song. The cuts will be revealed in the listening room at the auditions. Students need to visit the listening room twice before they audition to be familiar with the cuts. No student may re-enter the listening room after they have auditioned. Songs in a foreign language will be sung in that language.

Flash drives containing rehearsal practice tracks are available for order. Pronunciations are on each flash drive.

To order rehearsal practice tracks (digital audio format) download the [Audio Order Form](#) posted below
